1. See regulations for information on gear restrictions and fillet lengths.

2. Subject to in-season change. Call the Recreational Groundfish Fishing Regulations Hotline at **(831) 649-2801**, visit the Marine Region Web site at **www.dfg.ca.gov/mrd**, send an e-mail to **AskMarine@dfg.ca.gov**, or call your nearest DFG office for the latest information.

3. Divers and shore-based anglers are exempt from restrictions affecting the RCG complex, ocean whitefish, California scorpionfish, California sheephead, and other federally managed groundfish (except for lingcod). The following definitions describe boat-based and shore-based anglers, and divers:

- Boat-based anglers are fishermen that fish from boats or vessels of any size or any other type of floating object, including kayaks and float tubes.
- Shore-based anglers are fishermen that fish from beaches, banks, piers, jetties, breakwaters, docks and other manmade structures connected to the shore.
- Divers are spear fishermen entering the water either from the shore or from a boat or other floating object.

4. Total length is the longest straight-line measurement from the tip of the head with the mouth closed to the end of the longest lobe of the tail. A measurement illustration is available online at www.dfg.ca.gov/mrd/measurement.pdf.

5. Pacific sanddab, butter sole, curlfin sole, flathead sole, rex sole, rock sole, sand sole and starry flounder are exempt from restrictions that affect other federally managed groundfish ONLY when taken using the following gear: up to 12 No. 2 (or smaller) hooks and up to 2 lb. of weight.

6. The sport fishery for leopard shark inside Humboldt Bay is exempt from restrictions that affect other federally managed groundfish.

EXCEPTION: These fish may be possessed in closed waters only aboard vessels in transit with no fishing gear in the water.

NOTE: Gray areas denote regulations that may change later in 2006 as a result of regulation changes proposed by the Department. See Footnote 2 for ways to keep informed of in-season regulation changes.
